Abstract — Citations which have been made, yet were not indexed, are summarized herein. The citing document is listed and the cited articles are noted. These are compiled and thus indexed for rapid identification within both printed and electronically-formatted books. By checking each of the entries, the hyperlink may be followed to view the book and cited articles. Only items which are not proceedings volumes have been included. These entries may be readily obtained at books.google.com and/or oversea.cnki.net

Keywords — Citing article, Citation index, Cited articles, Book citations.

1.0 Introduction

In this paper, the primary focus is to identify book citations for rapid retrieval. The paper provides a concise list of them that would not otherwise be available in a single document. Sources listed were obtained via web search and then filtered as indicated below. Searches included “R.F. DeMara” and “DeMara, R” as well as “R DeMara” which were then inspected manually for matching content.
